SILER CITY, NORTH CAROLINA

INTRODUCTION

Southern Directory Company, publishers of the Siler City directory, takes pleasure in presenting the 1959-1960 edition to the general public. The work embodies all available and vital data relating to the civic, commercial, financial, social and industrial interests and activities of the municipality, and the publishers add their assurance that the work is complete in all its parts.

The publishers enjoy the prestige and advantage of a complete organization and thorough system essential in the production of directories and the additional advantage of having the courteous co-operation of citizens in furnishing information. These factors, added to the liberal support of patrons as shown by the advertisements displayed upon the printed page, were vital to the success of the publication.

Confidence in the growth of Siler City, in its wealth, industry and population, as well as in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for truly, the directory is a mirror reflecting Siler City to the world.

Your attention is invited to those names appearing in DISPLAY BLACK TYPE throughout the directory, as they are the responsible enterprising, advertising business men who take pride in sustaining the city directory and who have made this publication possible.

POPULATION

The 1959 population of Greater Siler City is 5,781, based on the number of individuals found by actual canvass at each residence. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

FIVE MAJOR DEPARTMENTS

The several essential departments are arranged in the following order.

THE MISCELLANEOUS DIRECTORY, containing valuable information concerning State and National Governments.

THE NUMERICAL TELEPHONE DIRECTORY, listing telephone subscribers by telephone numbers, can be found beginning with page 37.

THE ALPHABETICAL LIST OF NAMES contains data concerning each individual, firm and corporation within the city. The wife's name is given in parenthesis and is followed by position, place of employment and resident address.

THE CLASSIFIELD BUSINESS DIRECTORY contains the various

names of all manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community.

THE STREET AND AVENUE GUIDE contains a complete directory of streets and avenues arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders, with the number of occupants, and business concerns are placed opposite the numbers.

MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information over the country, the publishers have placed copies of this issue of the directory in Directory Libraries, which are maintained in all the chief cities of the country. Here they are readily available for free public reference and serve as perpetual advertisements of Siler City, for business men the country over realize that the city directory represents the community as it really is.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is necessary to the progress and development of a city. The advertising in this Directory is suggestive of the stability and permanency of the advertisers. You like to patronize those concerns who are in business to stay because such business establishments stand back of the wares they sell; it is a noteworthy fact that concerns which adverise one year in the City Directory are there again next year. Directory advertising is profitable.

SILER CITY, N. C.

"BALANCED FOR PROGRESS"

PREFACE

Siler City is a small, progressive town located near the geographical center of North Carolina. With a population of about three thousand within the corporate limits and another thousand in the immediate suburban area, Siler City is the largest town of Chatham County.

The terrain is gently rolling and the climate is very favorable. In the twenty-six year period covered by the weather records, no single day's snowfall has amounted to as much as one foot, and the greatest depth on the ground at any one time was only ten inches. The sun shines about sixty percent of the daylight hours in the Siler City area, ranging from about half the time in the winter to two-thirds of the time in the late spring and early autumn.

The business climate in Siler City is excellent and the people would welcome additional industry. As evidence of this, local manufacturers, merchants, and professional men, have formed the Siler City Development Corporation to attract new industry and to provide financing when needed.

The labor supply is stable and highly trainable. The people are generally conservative and believe in giving an honest day's work for a day's pay. The number of surrounding small farms provides an excellent source of recruitable labor. In addition, a goodly number of high school graduates enter the labor market each year.

The water supply is capable of handling greatly increased future requirements. The town's old 160,000,000 gallon raw water storage reservoir is adequate to meet today's needs; but, looking to the future, an additional 200,000,000 gallon storage reservoir was completed in August 1958.

Community facilities include a completely centrally air-conditioned hospital with 50-bed capacity; a new school plant complete with gymnasium and shop building; varied recreational facilities including a $110,000 swimming pool, a country club and golf course; adequate fire and police protection; communications facilities that include local newspaper, radio, telegraph, and inter-toll dialing telephone facilities.

Transportation facilities include railroad; service from 21 motor trucking lines; municipal airport to accommodate private planes up to the most modern twin-engine airplane; and two large commercial airports, each of which can be reached by a 55 minute drive.

Adequate and dependable electric power is furnished by Carolina Power & Light Company, with rates regulated by the State Utilities Commission.

The financial structures of both county and town governments are in excellent condition. The county tax rate is exceptionally low and the town tax rate is reasonable.

Additional and specific information may be obtained by contacting

ADD NEW LIFE TO YOUR COMMUNITY

There's no time for cat naps! The Finer Carolina 1959-60 Program is under way!

Add new life to your community! You can help landscape city approaches, line streets with shade trees, and plant shrubbery and flowers in front of clean, comfortable homes. You can help rejuvenate your business section. Help make it a modern main street.

You add new life to your community when you and others work for a Finer Carolina! You will enjoy better living! Your income will grow if your town grows. Your town will grow if you make it more attractive to outside industry and to your young people who are now moving away!

No time for pussyfooting! Offer your services to the Finer Carolina Committee. They need you. In addition to usual Grand Prizes, your particular group or organization may win a cash award for an outstanding community development project.

Street Directory

—OF—

SILER CITY, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

THE CITY DIRECTORY

The Modern Up-To-Date Method of Getting Accurate Information Quickly

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

60 E. 56TH ST. **NEW YORK 22, N. Y.**

WHEN YOU WANT TO KNOW:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.
